ANNUAL INDEX

January 1—December 31, 1973

(COPYRIGHT)

This is the ANNUAL INDEX of AFRICAN RECORDER covering the period January 1 to December 31, 1973 (issues Nos. 1 to 26 of Vol. XII). It incorporates the HALF-YEARLY INDEX issued to you earlier covering the period January 1 to July 1, 1973.

The INDEX has been compiled on the alphabetical dictionary system with specified form-headings for each country, like COMMERCE & INDUSTRY, COMMUNICATIONS, COMMUNISM, FINE ARTS, FOOD, FINANCE, POLITICS & GOVT., SOCIAL REFORMS etc.

Items bearing on more than one country have been recorded under each country and at appropriate places to facilitate identification, e.g. the West Asia war has been entered under Israel, Egypt, Syria and United Nations.

General items on Africa are placed under Africa—A. Items recorded under "Africa Outside Africa" have been indexed under an appropriate form-heading of the relevant country and its proper alphabet, e.g. FAO drought relief in West Africa has been recorded under alphabet W, Chad, Upper Volta, UN and alphabet F.

The abbreviations for countries as well as the usual form-headings are given in the explanatory note on how to use the INDEX pasted on the inside of the back cover of the binder under the heading INDEX EXPLAINED.
